## **Broadway House CEO Attends FBI Academy**

President/CEO James Gonzalez recently attended and graduated from the FBI's 13th Annual Citizen's Academy held in Newark, NJ. The Academy is a 7-week program designed to afford community leaders an inside look at the FBI. Attendees were introduced to the structure and operation of a FBI field office; learned from agents who stop terrorists, talk violent people into surrender, train bomb sniffing dogs and share tools with local and state police departments. They also had firearms training. Classes are taught by FBI executives and managers.

*(L to R): Gregory W. Ehrie, FBI Special Agent in Charge, Newark; Jim Gonzalez; Michael Cali, FBI Intelligence Analyst*

The Academy works to introduce the public to agents and dispel myths about the agency. Community leaders have the opportunity to give input to help the FBI be more responsive to their constituency. It's a great look inside an organization that not everyone gets to see.
